

Lions Clubs International British Isles is committed to raising £1,000,000 over four years to help fund sustainable research at the UK Centres of Excellence established by the charity Brain Tumour Research.

This game-changing partnership will have a lasting legacy through the creation of a special Lions Clubs laboratory. The Lions' fundraising efforts across the UK will be also given recognition on Brain Tumour Research's Walls of Hope in support of all of those within the Lions and the wider community who've been affected by this devastating disease.
